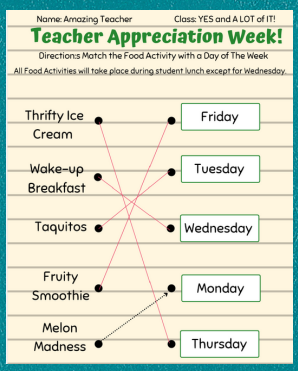
# THE PANTHER FRIDAY FOCUS

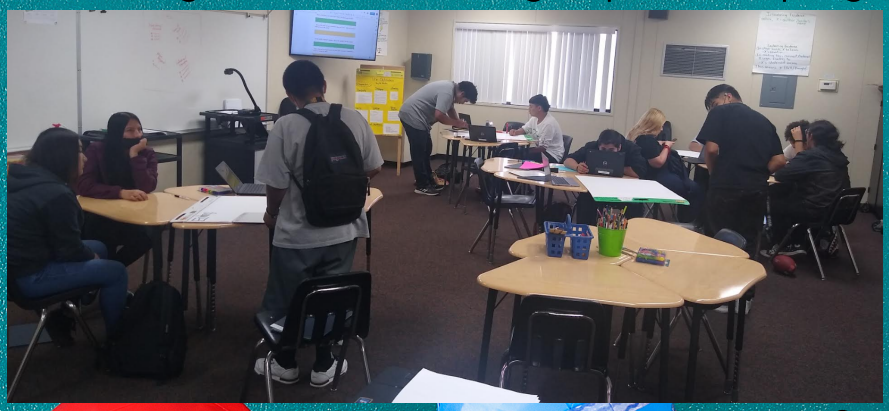
MAY 6, 2022

## PANTHER STRONG



Our Alternative Education staff does an amazing job of encouraging our students become the best version of themselves. We have a team of educators who bring it every day! In honor of their dedication, we had a week of great food and gathering. Thank you to all the educators who bring it every day!

Here is a prime example of the collaborative work students engage in. Students in Mrs. Robles class are preparing for a Gallery Walk. They are synthesizing their assigned article in a poster format.
Assignment Name: Reading for Understanding-Expert Group Jigsaw



Students took the paper mache and made fabulous piñatas! It was fiesta time at Alt Ed. The students did a beautiful job! A huge thank you to our SEL team for making this possible.
