2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Community Day School (CDS) is an alternative educational placement for students who have been expelled from school, have problems with attendance and/or behavior, and/or need a specific learning environment. CDS is safe, secure, and accepting of our students while receiving an education that is standards-based, rigorous and relevant. The goal of CDS is to ensure students get the best opportunity for learning and behavior adjustment to ensure they will be successful. CDS has a teacher, instructional aide, and school campus security. CDS shares a principal, learning director, resource specialist, secretary, and part-time counselors available to students and staff with the alternative high school.

CDS serves at-risk students in many ways, offering challenging classes to a small student population while teaching important educational and life skills. The students are offered counseling and an opportunity for credit recovery. CDS has the capacity to serve up to 15 students in a one-room classroom setting. The classroom is equipped with computers for student use as well as for credit recovery through Cyber High. We are constantly working with students and looking for alternative resources to assist them during their time at CDS. Some of the opportunities include pull-out interventions and check-in. CDS students are offered the same curriculum as the comprehensive high school and the alternative schools. Counselors meet with students on a pull-out basis, but also check-in on a regular basis to ensure students have the opportunity to discuss any issues they might be facing. Our approach is to provide the same learning opportunities and enrichment. Currently, students are working with an outside instructor on how to build robotics using legos.

Students enrolling at CDS have the opportunity for "New Beginning and a Fresh Start" to reach their graduation goals. CDS staff adheres to the district mission statement of Educating Minds and Inspiring Futures.

Victoria Guzman, Alternative Education Administrator

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Community Day School currently uses all state-approved curriculum adopted by the Cutler-Orosi School District. For example, in the English Language Arts courses, the following materials are being used Expository Reading and Writing Course, Cyber High, and Fuel Education. CDS also currently uses EnVision Integrated Math I and II- SAVVAS Learning Company. CDS currently used the following text in science: Prentence Hall Earth Science, Biology and Cyber High, and Fuel Education. At CDS, the Social Science department uses the following state and district adopted material: United States History and Geography- Continuity and Change- McGraw Hill, The Modern Era: Prentence Hall, Cyber High and Fuel Education.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

2020-21 Career Technical Education Programs

Community Day School has internal practices and programs such as "College and Career Readiness" to work on preparing students to meet graduation requirements.

Credit recovery efforts include being innovative to find opportunities to empower students to meet eligibility requirements for career pathway coursework opportunities that align to our Alternative Ed. CTE Career Pathways in Fire, Nursing, and Careers in Education. Community Day School has initiated the following practices and college and career initiatives by partnering with the Foundation for California Community Colleges to implement the California Colleges Guidance Initiative (CCGI) Program to ensure student college and career readiness and improve successful transitions to secondary and post-secondary education. Community Day School provides grade level college and career preparation lessons such as career research, college research, students taking a career interest profile, financial aid, awareness of A-G preparation and many more initiatives detailed in a District-Wide CCGI Implementation Plan. In addition, by the time students transition out of 8th grade students have also started the initial elements of a portfolio, which includes a resume, letters of recommendation, SMART Goal setting and a brag sheet noting their accomplishments and achievement. This introductory portfolio aligns with the secondary senior exit interview and portfolio presentation high school graduation requirement; as well as part of the process to apply to a Career Pathway and or Academy Program of Study. Community Day School informs parents and students of Career Pathway opportunities and College and Career Readiness via activities, events, meetings such as a Career Pathway Expo and Registration Night, LCAP Forums, and parent workshops. Community Day School students are required to complete five hours of community service for each year of enrollment at Community Day School as a graduation requirement. Students also participate in our College and Career Day twice a year.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

The Cutler-Orosi Joint Unified School District has six Parent Involvement goals:

1. Help parents develop parenting skills and foster conditions at home that support children's efforts in learning.
2. Provide parents with knowledge of techniques designed to assist children in learning at home.
3. Provide access to and coordinate community and support services for children and families.
4. Promote clear, two-way communication between the school and the family as to school programs and children's progress.
5. Involve parents, after appropriate training, in instructional and support roles at the school.
6. Support parents as decision-makers and develop their leadership in governance, advisory, and advocacy roles.

Community Day School parents have the opportunity to participate in the alternative education Back to School event. Instructors review classroom and academic expectations for the upcoming year. In addition, the majority of parents participated in the report card night either in-person or virtually. At this time, the instructors reviewed the academic progress with each parent and student. If you would like to participate in any school activities, please contact the school administrator at 528- 4703

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Our top priority is to maintain a school environment that is safe, clean, and orderly. Administration and staff members (certificated and classified) provide student supervision on the grounds before school, during breaks, during lunch, and after school. Students who do not follow school rules receive the consequences according to the California Education Codes and policies adopted by the School Board. We implement PBIS (Positive Behavior Intervention Support) at our school. We emphasize positive reinforcement and good choices. A school safety plan has been developed, approved, and put into operation. It is updated annually and was most recently updated and reviewed by the staff on 8/9/2021. Emergency procedure and safety drills are reviewed as needed at weekly staff meetings. On 8/25/2021, our site held the Active Shooter training provided by Tulare County Sheriff's department. The School also employs a part-time security guard and has a resource officer from the Tulare County Sheriff's Department to ensure safety. Regular drills are conducted to ensure that all students and staff know how to respond in case of an emergency. On October 27, 2021, we reviewed our School Plan for Student Achievement with School Site Council which includes staff, parents and a student representative. We discussed our safety procedures to maintain a secure site.

Professional Development

The CDS staff has participated in a variety of Professional Learning this past year to address the need to serve our students virtually. Staff received training in Google Classroom, Zoom, GoGuardian, Remind App, Screencastify, EdPuzzle, and new attendance procedures for re-engagement of students. In addition, we will continue to encourage writing across all content areas and support for our English Language Learners. The District has provided 35 Late Start Wednesdays for professional collaboration. In addition, all staff members participate in monthly extended days of professional development to work with colleagues on the implementation of best practices. The CDS staff also works with Tulare County of Education consultant on best practices for English Language Learners.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
