Prepared | Accountable | Wise | Successful

Happy Friday! What a treat to see parents with their students walk through campus to meet and greet the staff. Below: Mrs. Williams provided parents with an overview of the class expectations. I asked a student how it feels to have her work displayed on the classroom wall and she shared it made her feel good. :) Monique, a leadership student, leads us in honoring our flag and providing the latest news on campus. She ends her morning message reminding students to show their P.A.W.S.

## FOCUS ON LEARNING

Right: The "Clarity Glasses" go to Mr. Díaz this week! Mr. Díaz supports students by providing them with clarity by providing them with learning expectations. He fosters a safe learning environment where students feel seen and valued. Mr. Díaz will pass the "Clarity Glasses" to another staff member on Monday.

Below: Students use annotations, questioning, and summarizing strategies to comprehend their guided notes. The students discuss their 2-3 sentence summaries with peers.

Below Right: Our students in CDS show off the lava lamps they made during a Science lesson. This student demonstrated what happens when he shakes the lamp and places his phone's flashlight beneath it.
