LIBRARY

DID YOU KNOW?...

School & academic libraries have a mission to support curricula. Games can encourage critical thinking and problem solving and accomplish objectives of curriculum frameworks and meet AASL standards.

Below is a preview of a slideshow I put together to promote reading & introduce new books to our students. The QR code leads them to fun activities tied to the book & provides more information about the book & author.

RUBIK'S RACE HAS BECOME A POPULAR GAME IN OUR PANTHER LIBRARY.

The COST of KNOWING
The Fall of the Great Wall of China

It's hard for him to be present when every time he touches an object or person, Alex sees into its future. When he touches a spoon, he has a vision of him using it to scoop ice cream. When he touches his car, he sees it years from now, totaled and underwater. When he touches Talia, he sees them at the precipice of breaking up, and that terrifies him. Alex feels these visions are a curse, distracting him, making him anxious and unable to live an ordinary life. And when Alex touches a photo that gives him a vision of his brother's imminent death, everything changes.

PAOLA MENDOZA & ABBY SHER

SCAN ME

2022, and in this near-future America, all citizens are chipped and everyone is tracked. It's almost impossible to survive as an undocumented immigrant, but that's exactly what sixteen-year-old Vall is doing, and her family have carved out a stable, happy life in small-town Vermont, but when Vall's mother's perfect chip starts malfunctioning and the Deportation Forces raid their town, they are forced to flee.

ECHOES OF GRACE
Graciela Lopez

SCAN ME

And as Grace's echoes bring ghosts and premonitions, they also bring memories of when Grace fled to Mexico to the house of her maternal grandmother—a woman who GRACE had been told died long ago. Will piecing together the truth heal Grace and her sister, or will the echoes destroy everything that she holds dear?

Deb begins to work through her trauma in sessions with a therapist, revealing more of her past. Readers see how fraught her relationship is not just to her mother, but to her entire Korean heritage, from which she distanced herself steadily until even her first language was foreign to her.
