

Leaders and Ethical Decision Makers

The Lovell High leadership students have been instrumental in our PBIS implementation this year. These students have worked with administration on the design and awards for student recognition. I want to thank our leadership team of Kaila Solorio, Luz Duran, Fernanda Aguilar, Steven Melchor, and Reuben Quintero. Great Job!

Climb the Mountain and See Beyond

College and Career Ready Scholars:

I want to thank Mr. Joe Silva with his assistance of technology integration at Esperanza High. He has diligently worked to make sure chrome books and MYFI hotspots were ready for students to implement Cyber High. In addition, he did an excellent training staff members on how to utilize the Destiny checkout system.

Parental Involvement:

I want to thank our parents who participated in the SSC/ELAC meeting this past Tuesday. At the meeting, we reviewed the progress the district has made on the implementation of LCAP goals. We also discussed the eight state priorities and categories for LCAP. The meeting culminated with parents providing input on the LCAP recommendation forms. I want to thank Ms. Trevino for her help with translating the meeting. We also reviewed with parents that we are having a senior meeting on Wednesday, January 17, 2018, to review requirements and interventions to support students in graduating in June.

Upcoming Events:
