

## New Beginnings and a Fresh Start

11--22-19

### Principal's Message:

The Lovell High and Community Day School students had a magnificent Career Day this past week. I want to thank Mrs. Lisa Castillo and her staff for their assistance in providing a great forum for our students.

The day started with a keynote address from Mr. Erik Gonzales an Orosi High graduate and former Lovell High student. Mr. Gonzales is a current school counselor for Lindsay Unified School District. His message was that life provides detours and it's your choice to get on the righteous path.

Students also enjoyed presentations from the Tulare County Fire Department, Visalia Adult School and College of the Sequoias pathway programs, Ruiz Foods, Princess Institute of Beauty, Tulare County Health and Human Services Agency. Lovell High students appreciated the presentation on Arts and Media Entertainment from Oscar Deleon and Julia Lopez.

I also want to recognize the students who assisted in the Cutler Elementary fieldtrip to the Changing Minds Ranch. Great job Panthers!
