

A Fresh Start & New Beginnings 12-7-18

Productive Citizens:

The Cutler-Orosi Adult School is excited about working with Valley ROP and providing additional classes and opportunities to our students. We have just completed the Security Guard Training and Certification class at the Family Education Center. In this class, students were provided with the mandatory curriculum necessary to become a licensed Security Guard by the California Bureau of Security and Investigative Services. I'm excited to report that 10 students have passed the training and certification class. Students were extremely complimentary of their instructor Tracy Morgan. I also want to thank Mr. Fabrizio Lofaro in bringing the VALLEY ROP class to the Cutler-Orosi Adult School. The Cutler-Orosi Adult School is thrilled to be working with Valley ROP and bringing additional classes to our students.
