

Quality + Synergy = Excellence

The Cutler-Orosi Adult School currently has 354 students enrolled in a variety of classes. For example, the adult school currently has classes in beginning ESL, intermediate/advanced ESL, citizenship prep, basic computer skills, high school diploma, and GED Prep. I want to acknowledge our staff of Miguel Flores, Tom Vasquez, Stephen Sjodin, Dee Echavarria, and Cyndee Garcia for their hard work and dedication.

The adult school team had the opportunity to attend the California Council Adult Education (CCAIE) State Conference in Fresno this Friday and Saturday. The conference started with a great keynote address from Mr. Juan Martinez. He is a former at-risk student from the barrios of Los Angeles who now provides opportunities for at-risk students to experience nature and the natural environment. At the Friday training, our team had the opportunity to choose from over 72 breakout sessions. The conference had sessions from the authors of the ESL curriculum, enhancing your program with technology, empowering families through two generational literacy programs, and how to effectively transition students to postsecondary and career pathways.

I would also like to acknowledge Lariann Torres and John Werner from the Sequoias Adult Education Consortium. Lariann was recognized with the award of merit recognition at the conference. Lariann is the director of Tulare Adult School and has impacted thousands of students since 1994. John was the state conference chair for this phenomenal event. It was a great professional learning opportunity for all of our adult school team members.

Upcoming Events

5-8 SSC/ELAC @ Lovell 5:30-6:30

5-9 Leadership Assembly @ Lovell 1:115

5-10 Urban Rural Firefighting @ Selma 6-7:00 pm
