

I would like to highlight the inspirational speech by Jose Guerrero at the welcome back school luncheon. His educational experience will help motivate all staff members this year. I also want to acknowledge Jeanette Pena for supporting and nurturing Jose toward a joy of learning.

Jose Guerrero and Jeannette Pena
Teacher who made a difference!

Alternative Education

Friday Focus August 18, 2018

Administrator's Message:

The Alternative Education student's and staff are off to a fabulous school year. I want to highlight the improvement in attendance for the first week of school. The Alternative Education school's had an average daily attendance of 78 percent last year. We currently have 87 percent daily attendance after the first week. Great job by our students and staff.

In addition, I want to emphasize that we are offering a larger number of English classes for adults at the Cutler-Orosi Family Educational Center. We are currently offering beginning and intermediate classes, Tuesday thru Thursday from 8:15-11:00 a.m. I am excited to report classes in citizenship on Monday and Friday at 8:15-11:00 a.m.

The school motto for this upcoming year:

Climb the Mountain and See Beyond

Collaborative Problem Solvers

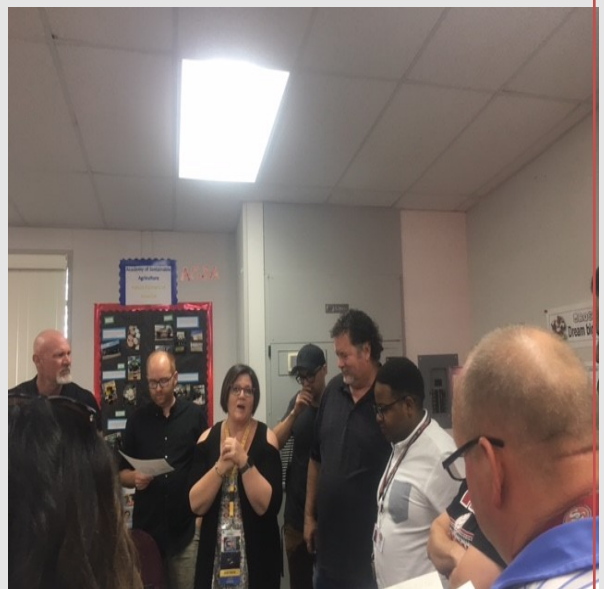

The students in Mrs. Medina's class worked on Kagan team building strategies. Students were producing geometric shapes in class. The goal is to have students feel comfortable collaborating and communicating in class.

Professional Learning Community with Orosi High School

The Alternative Education Teachers had an extremely productive day collaborating with their colleagues from Orosi High School. I would like to highlight their work on GIFT and PLC. For example, each content area identified their essential standards for the first semester.

Upcoming Events

8-24 Staff Safety Meeting

8-24 Evening Registration for Adult English Classes at Family Education Center.
