

Alternative Education Friday Focus

August 25, 2017

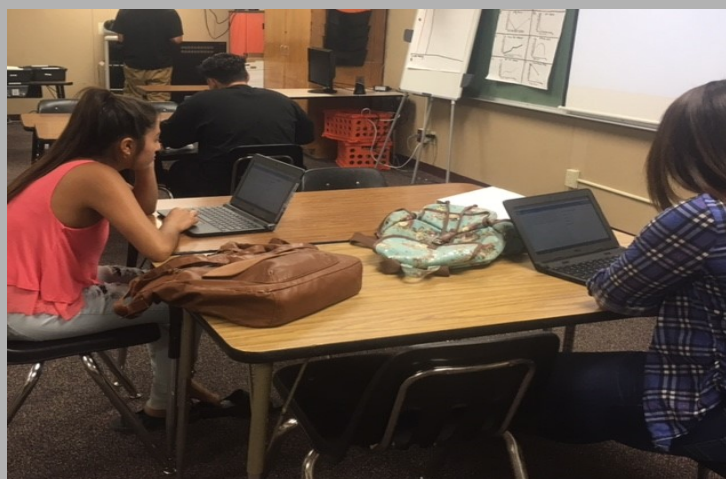

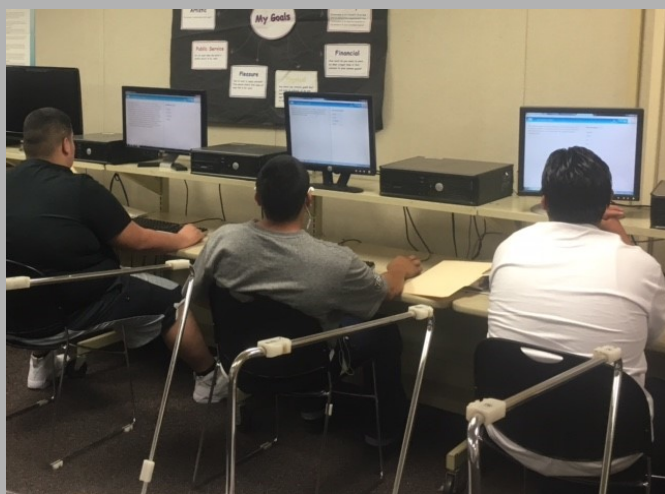

The adult education registration was a tremendous success on Thursday, August 24, 2017. I want to thank Dee Echavarria, Miguel Flores, and the team of support from the Family Education Center. We had 75 adults register for English classes. There is a strong possibility of adding an evening citizenship class due to the high enrollment numbers.

Scholars

All Lovell and CDS completed their SRI testing this past week. We are using the results from assessment to help provide reading support and intervention classes. Mr. Tim Diaz was extremely influential in supporting all staff members with completion of the assessment.

Lovell students participating in the after school program and preparing for their volleyball match vs Lemoore

Esperanza High School

I am happy to report that Esperanza High School received accreditation from Western Association of Schools and Colleges (WASC). Linda McClung and Mrs. Trevino did an excellent job of organizing the accreditation process last spring.
