### Did You Know?

When students feel that they are part of a community at school, they are more likely to participate in school activities, identify with school values, and invest in

their work.

I am  
so proud  
of our  
students  
who said  
YES, to  
attend  
the Adult

Youth Summit at TCOE!

### Did You Know?

## DID YOU KNOW?...

Reading a good book after a long and stressful day works wonders on our state of mind. Studies have actually shown that leafing through a book can be up to 600% more efficient in relieving stress than playing a video game and 300% more efficient than going for a walk. Now that's a fun fact about reading.

## Maryly's book recommendation of the week:
